NOTICE OF VIOLATION

Released: May 7, 2014

By the District Director, Detroit Office, Northeast Region, Enforcement Bureau:

1. This is a Notice of Violation (Notice) issued pursuant to Section 1.89 of the Commission's rules (Rules)¹ to Hamilton County, registrant of antenna structure number 1229659 in Cincinnati, Ohio. Pursuant to Section 1.89(a) of the Rules, issuance of this Notice does not preclude the Enforcement Bureau from further action if warranted, including issuing a Notice of Apparent Liability for Forfeiture for the violation noted herein.²

2. On April 9, 2014, an agent of the Enforcement Bureau's Detroit Office inspected antenna structure number 1229659 located at 8330 Broadwell Road, Cincinnati, Ohio, and observed the following violation:

47 C.F.R. § 17.23: "Unless otherwise specified by the Commission, each new or altered antenna structure to be registered on or after January 1, 1996, must conform to the FAA's painting and lighting recommendations set forth on the structure's FAA determination of "no hazard"...". The registration for antenna structure number 1229659 indicates that the tower requires lighting in accordance with FAA Circular Number 70/7460-1K, FAA Chapters 4, 8 and 12. Chapter 8 requires a dual lighting with red/medium intensity flashing white system. During the inspection, the agent observed that the structure did not have a medium intensity white flashing system installed but was painted with a red flashing top beacon and steady burning red side lights at the mid-level for nighttime lighting. In order to come into compliance with the Commission's rules, Hamilton County must: (1) obtain a new FAA "no hazard" determination indicating that the current lighting system is permitted and then submit a modified antenna structure
